## SOUL OF TANZANIA

### *Luxury Tour*

You will be picked from your hotel at 8 am and taken to the very special Tarangire national park, famous for its diverse landscape with nine different vegetation zones. The park is particularly known for the abundance of ancient baobab trees (the largest trees on the continent) which fill the landscape and dwarf the animals next to them. The river of the park is full of wildlife ranging from a large variety

of birds to lions, leopards, zebras, giraffes, buffaloes, antelopes and, of course, elephants. In fact, the park has the largest concentration of elephants in the whole country and provides unique chances to observe the interaction between elephant families. The lunch area is fascinating, boasting an observatory with amazing views of the river and wildlife (with good chances of seeing a hunt while having your picnic). In the afternoon, we will do a game drive before continuing to your accommodation. There is the possibility to downgrade or upgrade your accommodation level.

## Day 2

### Lake Manyara National Park

You'll have a beautiful, short journey across the Great Rift Valley to Lake Manyara National Park for a full-day game drive. Although small in dimension (205 sq miles), the park has breathtaking scenery and is well famous for its lush acacia forest, giant figs, mahogany trees, as well as to a growing population of baboons and blue monkeys. Permanent residents of this park also include giraffes, elephants, impalas and a huge number of buffaloes. The lake is also home to a large number of hippos. The landscapes of Lake Manyara are something that cannot be described in words. The game drives along the lake provide stunning photo opportunities of giraffes and buffaloes in the foreground and the lake (and its flamingos) in the background. During this day, some extra tours are possible, including a bike tour or a boat excursion. In the afternoon, you'll transfer to the camp for dinner. There is the possibility to downgrade or upgrade your accommodation level.

## Day 3

### Serengeti National park

After an early breakfast, depart towards the most famous national park in the World, the Serengeti. The driving itself, although long, is spectacular. This will be an unforgettable moment for anyone seeing it for the first time. As you progress well into the Serengeti, you will see why the name means, in local language, "endless plains". The park has 6,900 sq miles (18,000 sq km) and for most of it, the plains will stretch to the horizon defying your senses and perception of distances. It is the home to the great migration of 2 million wildebeests, hundreds of thousands of zebras and all kinds of antelopes. As for the big cats and large predators, it's the place of choice to look out for lions, cheetahs, leopards, hyenas, with many television scenes like the famous River Crossings having been filmed in this park.

There is a possibility to downgrade or upgrade your accommodation level.

## Day 4&5

### **Serengeti National Park**

You'll enjoy full days in the Serengeti National Park. We are completely flexible with your preferences and these days will be organized according to your wishes. On every day of the safari, your guide will discuss with you the best timings for you, including the game drives and the wake-up time. For example, on this day, you could do a morning game drive, return to the camp for lunch and relaxation and finish with an afternoon game drive. Alternatively, you could do a full day game drive with a picnic lunch. There is the possibility to downgrade or upgrade your accommodation level.

## Day 6

### Ngorongoro Crater

#### Day 6: Serengeti National Park to Ngorongoro Crater

On this day we suggest a very early wake up in order to do an early morning game drive (when the animals are more active) and see one of the best sunrises you'll ever witness. After the game drive, we return to the camp for a rewarding brunch and then we'll proceed to Ngorongoro, the 8th Wonder of the Natural World. The crater spreads for 102 sq miles and has 2,000 ft high walls, making it virtually Noah's ark. It inhabits almost every species of wildlife that is indigenous to East Africa. It's one of the very rare locations in the whole continent where you can witness the black rhino. The crater has a river, several swamps, a soda lake with a great concentration of flamingos, a forest and open plains. It's also famous for its elephants which are the largest in the world and have huge tusks. Ngorongoro Crater is truly a Wonder of the Natural World. You will reach Ngorongoro in time for a sundowner. There is the possibility to downgrade or upgrade your accommodation level.

# Day 7

## Lake Eyasi

### Day 7: Ngorongoro Crater

We will start the day very early and descend into the crater floor for an incredible morning of wildlife viewing in one of the most stunning places on earth. After the game drive, there will be time for a picnic lunch near the beautiful Hippo Lake. After lunch, we will have time for a short game drive and then ascend the crater and exit Ngorongoro Conservation Area towards Lake Eyasi. Here you will have a unique and fascinating cultural experience on the next day. There is a possibility to downgrade or upgrade your accommodation level.

### Accommodation

- All drinks (Except for spirits/liquor)

## Day 8

### Lake Eyasi

#### Day 8: Lake Eyasi and the Hadzabe

Today will be a very special and different day. You will wake up very early, just before sunrise, and follow your guide until he finds the Hadzabe, one of the last true nomadic ethnic groups in Africa. After some explanations about the tribe, you will join them in their daily morning activities. This experience is out of the beaten track and does not feel touristic by any means. The photographic opportunities are out of this world. This tour will definitely be a highlight of your safari. The experiences can be joining the men in their daily hunting, or the women in their fruit gathering session. In either of them, you will learn about many aspects of the hadzabe way of living. After finishing the activities with the Hadzabe, we will visit the beautiful Lake Eyasi, a seasonal shallow Salt Lake on the floor of the Great Rift Valley. Then we will return to Arusha.
